## The Census in Schools program: It's About Us, Ohio

The U.S. Census Bureau has created a Census in Schools program called 2010 Census: It's About Us. The program will provide educators with resources to teach the nation's students about the importance of the census so children can help deliver this message to their families. The program will engage America's youth to help ensure every child and every household member is counted in 2010.

### Here's How Your School Can Become Involved:

1. Contact your local Census In Schools Liaison and tell them if you received a principal's kit that includes 2 maps and 2 lesson plans.
2. Sign up to participate in Census In Schools program by filling out a Census Bureau Partner Proclamation from your Liaison.
3. Designate a CIS coordinator at your school to work one-on-one with your CIS Liaison to help introduce the material to teachers.
4. Plan events around your own Census In Schools Week from January 2010 to May 2010!

### Examples of Ways to Spread 2010 Census Awareness:

- Familiarize students with the census questionnaire.
- Ask Parent Teacher Associations and Parent Teacher Organizations to get involved in raising awareness of the 2010 Census.
- Spread the news about the 2010 Census through school Web sites, newsletters and parent-teacher conferences.
- Integrate the standards-aligned materials and lesson plans into your curriculum.
